# How to Order Checks, Forms, and Accessories

## 3 Easy Ways to Order

**PHONE:** (516) 338-9500 ext 174

**FAX:** (516) 338-8862

**EMAIL:** tinaa@exempt5.com

## Select a Compatible Check or Form Layout

Find the check or form that will meet your needs using this catalog. Our forms are guaranteed to be compatible with your software.\*

## Choose Laser or Continuous Format

Choose laser format for laser or inkjet printers. Continuous format is available for dot-matrix or tractor-fed printers. Your Peachtree software supports both laser and continuous formats.

## Choose Style, Parts and Color

Choose the style, parts, and check color (if applicable) to meet your business needs. Free samples are available—please call (516) 338-9500 ext 147

## Satisfaction Guaranteed

If for any reason you are not completely satisfied with your order, return your purchase within 30 days of receipt for a full credit or refund, **100%** including shipping and handling.

## Add Business Accessories

Order compatible envelopes and pre-inked stamps to save time. Imprinted deposit tickets are also available.

## Other Decisions About Your Checks & Forms Order

How many checks?

What will the starting number be?

Do you want your personalization in an upgraded style?

Do you need your laser checks reverse numbered?

Do you want to print a logo on your checks?

Do you want one or two signature lines?

All the Peachtree business checks in this catalog already comply with Check 21 legislation.

A large circular graphic with a blue border and a light green background. Inside the circle, there are images of payroll checks and self-sealing envelopes. A blue speech bubble contains the text "Your Price \$240.<sup>95</sup>". To the right of the images, the text reads "Buy the Bundle and Save up to 10%". Below this, a paragraph describes the bundle: "Purchase payroll checks and self-sealing envelopes - all for one low price. Meet your payroll needs in a snap!". A bulleted list follows: "• 1000 Professional Payroll Checks" and "• 1000 Self-Sealing Envelopes". At the bottom of the text, it says "More details on page 6." and a dotted line leads to a dark blue oval shape at the bottom of the circle.

# Blank Check Stock and MICR Toner

## Blank Check Stock

If you have software that allows you to print the entire check face, including the MICR code line, we offer our same high-quality laser stock without imprint.

Sage Abra now offers a new blank check that allows for the bottom stub to remain without having to create additional folds in the check. Check item numbers NL-VTSC are 8 1/2" x 10 1/2", have the check at the top, and can be folded on the perforated lines to fit inside its compatible envelope, item DW-6 or DW-6S.

The original blank stock (8 1/2" x 11") is still available and is offered in several colors with check at top, middle or bottom of sheet. If the bottom stub is removed from this check or the check is folded by an automated machine then it fits in envelope DW-6 or DW-6S.

You also have the option to purchase the 8 1/2" x 14" size which allows the printing of two checks with stubs at one time and corresponds with the Blank Laser Short Form in Sage Abra Suite. When the checks are separated, the compatible envelope is DW-2 or DW-2S.

Call 800-869-8950 for further assistance.

# TakeCharge! and Nolo Business Tools

## Education – Brush up on business basics

### Crash Course – TakeCharge! Accounting Tutorial

This self-paced program is designed for the non-accountant who needs to understand the basics of accounting terms and procedures. In this guided tour, you'll receive an introduction to financial statements and learn about the accounting equation of debits and credits. You'll be given detailed instruction about the chart of accounts and period-end processing. Finally, you will acquire invaluable tips on how to review your financial statements so that you can catch common errors before they reach the next level.

The TakeCharge! tutorial gives practical examples taken from real world experiences. Interactive activities throughout the program help to confirm your understanding. Reference materials and documents are also included in the program so you can create, customize, and print your own accounting manual.

Also in the tutorial you will find other helpful sections, including:

- Examples and descriptions of accounts
- Common questions and answers
- A comprehensive glossary

# How to Order, Imprints, and Shipping

## How to Order Checks, Forms, and Accessories

### Select a Compatible Check or Form Layout

Find the check or form featured in this catalog that will meet your needs. Our forms are guaranteed to be compatible with your software.

### Choose Style and Color

Choose the style, parts, and check color (if applicable) to meet your business needs.

### Add Business Accessories

Order compatible envelopes and pre-inked stamps to save time addressing. Plus, save time with imprinted deposit tickets.

## Standard Imprints

We will use the information on the imprint from your sample voided check for your new check imprint. Please indicate any changes on the face of the voided check.

## Custom Logos (\$35.00 one-time setup charge\*)

Clean, original, black and white art of your logo must be mailed with your order, so we're unable to take first-time orders over the phone. The printer who printed your letterhead or business cards should be able to provide clean, black and white art if you don't have it available. We cannot accept faxes, photocopies, photographs, sketches, clippings, grayscale, or raised printing for logo art. We will call for your approval if additional charges are required for touch-up, typesetting, or rearrangement.

## Standard Logos (\$5.00)

Our standard logo categories range from animals and birds to home and business services and hobbies. Select from the standard logos shown below (note the logo number on the order form in the box marked "Standard Logo"). Or call us for our complete selection. The logo on your forms will be sized to fit a 3 1/2" x 4/5" upper window on our double-window envelopes.

## Reverse Numbering

If your laser printer loads from the front instead of the top, you may need us to reverse-number your single-sheet checks. Here's an easy test: mark a sheet of paper on one side, load the sheet into your printer with the marked side up, and print. If what you printed is on the reverse of the marked side, you'll want to write "yes" in the "Reverse Number" box on your order form.

## Remember!

When you change banks or your bank is assimilated in a merger, your account information will change. Be sure to provide us with your new account number and enclose a sample voided check with changes indicated on the check face.
